Hi Jenny--

My edits attached--primarily to clarify the consequences of disapproval. Its important to note that loss of federal consistency authority and deep water ports (as well as full CZMA funding) would only occur if Oregon choose's to pull out of the National CZM Program. Disapproving their Coastal Nonpoint Program would not trigger this, only the penalty provision.

Ex. 5 - Deliberative

Ex. 5 - Deliberative

However, that would be the state's call and perhaps the benefit of federal consistency authority and deep water ports and some 70% of current CZM funding would be enough to keep them in

Ex. 5 - Deliberative

Hi Everyone – I changed some bullet points and put them on the top in track changes. Feel free to edit. Allison and Dave, thanks for the information on the Deepwater Port Authority! I kept it generic in this write-up, but it would be good for us to elaborate before the state meeting. If you have changes, please send to me by 2pm, and I'll send out the last draft. (Sorry for the short turnaround time.)

Thanks!

Jenny
